

The College of International Holistic Studies

The College of International Holistic Studies is built on a firm foundation designed to synergistically blend the rigors of medical science with the time-tested power of alternative and integrated therapies. Our teachers are selected for their expertise and ability to blend both science and the art of healing. Each program is designed to provide you with the practical knowledge and experience to heal using real-world tools, as well as the consciousness to appreciate the metaphysical tools that our souls provide.

Certificate in Tuina Raindrop Therapy

CERTIFICATE CODE: TRT100

Aromatherapy is the study and use of powerful anti-viral, anti-fungal, anti-bacterial essential oils for massage, and other related therapies to enhance wellness and promote deep relaxation.

This program integrates advanced therapeutic methods for a more comprehensive healing effect.

Students will learn how to conduct a client session using specific essential oils dropped onto the spine. This mechanism creates a healing that can potentially eliminate toxins trapped in the spinal areas. These toxins can quite possibly cause pain, muscle aches mis-alignments and/or subluxations. This treatment enhances wellness and promotes deep relaxation.

The **online** format is very unique to CIHS. The student will be exposed to the proprietary CIHS Virtual Classroom for the instructional tutorial, PDFs, practical video and exam. The student will also need to complete 1 video recorded case study, and submit it to qualify for 15 CEUs.

The successful graduate will attain an electronic Certificate in Tuina Raindrop Therapy.
